

<i>Sample Course Timeline</i>	<b>Fall</b>	<b>Spring</b>
<b>First Year</b>	BIOL 1107 CHEM 1127Q ENGL 1007 Common Curriculum Course FYE/UNIV	BIOL 1108* CHEM 1128Q Elective/Major Requirement Elective/Major Requirement Common Curriculum Course
<b>Sophomore</b>	CHEM 2443 Suggested MCB course (e.g. 2400, 2210, 2610) MATH 1131Q Elective/Major Requirement Common Curriculum Course	CHEM 2444 (CHEM 2445) MATH 1132Q or STAT 1000Q/1100Q Elective/Major Requirement Common Curriculum Course
<b>Junior</b>	(CHEM 2445) MCB 2000 PHYS 1201Q or 1401Q PSYC 1100 PNB 2264 or PNB 2774	PHYS 1201Q or 1402Q PSYC 1101 or SOCI PNB 2265 or PNB 2775** English (e.g., ENGL 2407) Common Curriculum Course
<b>Senior</b>	Upper-level STEM course Upper-level STEM course Elective/Major Requirement Elective/Major Requirement Any remaining requirements/credits	Upper-level STEM course Upper-level STEM course Elective/Major Requirement Elective/Major Requirement Any remaining requirements/credits

NOTE: courses highlighted in yellow are prerequisites and should be taken before sitting for the MCAT. Most highlighted courses (other than MCB 2000 and the PHYS series should be taken before sitting for the DAT). While not required, ENGL is strongly recommended before sitting for either.

\*Pre-medical students can skip BIOL 1108 if they wish, if they take at least one additional, upper-level BIOL course with a laboratory component

\*\*Instead of BIOL 1108, if pre-medical students take PNB 2774 and 2775 to work towards the "year of biology courses with lab" requirement, they should also take PNB 2776.
